## **Student Council Co-Presidents**

Erin Motherway, Stonington, and Luke Muti, Waterford, have been selected as MSMHS's first ever Co-Student Council Presidents! The process for selecting the President is challenging and involves a student vote and an interview in front of a teacher panel. This year both Erin and Luke were the only students to run for President. After a tied vote from the students and the teacher panel, it only made sense to give the title to

both students who clearly deserve it! In their interviews, both students spoke of how MSMHS has shaped them into the leaders

they are today and how much pride and respect they have for everyone here. They also talked about how they want to focus on building relationships with all students at school and planning ways that can unite the grades and bring everyone closer together after spending so much of the past two years being virtual.

There is no doubt that these two leaders will work together to do great things for our school this year. They are already busy helping to plan our first Shark Week and getting feedback on what MSMHS gear to order for our school store! In addition to Student Council President, there are also four Student Council Officers who are elected each year.

The following students have been voted as the remaining Student Council Officers, Congrats!

Ellie Cost (12th grade), Chelsea Hays (12th grade), Sham Qarqour (11th grade), Makai Moore (10th grade)

#### **Homecoming**

The Senior class has been busy planning this year's Homecoming Dance! The dance will be held outside in our decorated garage on Friday, October 29th. The dance will be semi-formal optional so students can dress up or wear their normal school clothes. We suggest bringing layers! We will also have standing heaters outside in our courtyard. The Homecoming Dance is open to MSMHS students only.

To kick off Homecoming, MSMHS's first Spirit Week, known here as SHARK Week, will lead up to the dance. Themed days will be posted around school soon by Student Council.

Student Council is also planning pep rally activities for the end of the school day before the dance.

Tickets \$10 on sale during lunch
Dance: 10/29, 6-9pm

### **COAST Week**

The beginning of October was COAST week at MSMHS. During this week MSMHS held advisory every day for students to be able to meet with their advisory teacher and talk about their goals for the year. As part of a required Student Success Plan, students here set year-long SMART goals in the areas of Character, Ownership, Academics, and Service. The final step is Teacher approval. Once students create their goals they each have a 10

minute individual meeting with their advisor to discuss their goals and their plans for reaching them.

DANCE

Parents—interested in knowing your student's goals? Ask their advisor!

## **UPCOMING EVENTS/PROGRAMS**

Next PTO Meeting
Tues Oct 19th 6pm @MSMHS
